

**Travalo Milano Debuts in US as Travel Essential for 2015**  
*Refined and Luxurious Perfume Atomiser More Convenient than Ever*

May 2015 - Travalo Milano is the most refined and luxurious Travalo to date, finished in opulent and elegant material, with finely crafted metal parts, it is perfectly weighted and balanced. With the focus on high performance, the Milano has the pioneering new spray head technology, which produces a finer mist dispersing perfume over a wider area and results in more lavish fragrance usage. Available now at [www.us.travalo.com](http://www.us.travalo.com) for \$49.99.

**Travalo Milano Product Features:**

- Available in eight colours: Orange, Hot Pink, Blue, Aqua, Pink, Red, Black and White.
- Sophisticated box perfect for gifting
- 100% innovative, modern and retro
- Removable inner bottle for extreme convenience
- Holds 5ml of fragrance (65 sprays)

What is more, the uChange inner bottle can now be removed which makes it interchangeable with the New Classic Travalo and all future Travalo models. For the first time in the history of the perfume atomiser consumers can now alternate all of their favourite fragrances without the need for cleaning or waiting for their Travalo model to run empty – “uchange”; simply change the case to suit the mood.

Like all Travalo atomizers, the Milano refills directly from a standard perfume bottle through the patented and unrivalled Genie-S pump-fill system ensuring that the fragrance is never contaminated by exposure to the air and decants magically from one sealed bottle into the leak proof Milano atomizer in a few seconds. No other refillable portable spray are as convenient and as easy to use.

Travalo Milano is strong, safe and aircraft approved for carry on baggage, it contains no dangerous glass and unlike fragrance bottles, it can fall onto hard floors or tiles without any risk of breakage. Available now at [www.us.travalo.com](http://www.us.travalo.com).
